

Introducing the most popular family of pour over brewers.

The AK Series offers both a heat pump model (AKH) and the traditional displacement tank system (AK).

## AK SERIES BREWER MODEL AK LD

# NEWCO

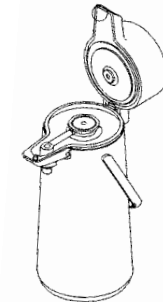

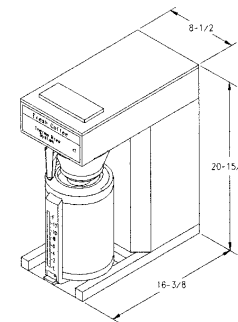

## AK SERIES BREWER MODEL AK LD

The next dimension in pour over brewers.

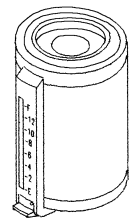

- Low profile dispenser brewer incorporates “safe base”. A revolutionary design in these bases allows for the lining up of thermal dispensers everytime.
- Also accomodates airpot and 60 oz. thermal carafe.
- Dispenser shown on stand for brewing into 20 oz. cups.
- Ready light incorporated for optimum brewing temperatures. (AK model only)
- Durable stainless steel construction.
- Master power switch.

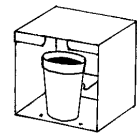

Carafe  
Part # 701800

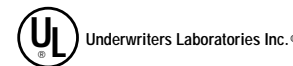

Airpot  
Part # 700900-01

Part  
#704235

Part  
#152229
